<i>xidhay</i>	I closed	(n)	He closed
<i>walaaqay</i>	I stirred	(o)	He stirred

Pronunciation: Vowel sounds are much like in English. A double vowel indicates that the vowel is long. Consonants are also as in English except as follows:

dh: a retroflex 'd' like the 'dr' in *drive* (IPA ɖ)

q: a voiced uvular plosive, like a 'g' but pronounced at the back of the throat (IPA ɢ)

kh: a bit like the 'ch' in Scottish *loch* but pronounced at the back of the throat (IPA χ)

x: a voiceless pharyngeal fricative, hard to describe, but a bit like a heavy 'h' (IPA ħ)

c: same as x, but voiced (IPA ʕ)

r: a rolled 'r' as in Italian ' : a glottal stop, like the sound in the middle of *uh-oh* (IPA ʔ)
