Slovenian distinguishes "dual" and "plural", for two or more than two respectively. The verb endings are as follows:

	singular	dual	plural
1st person "we"	(not shown)	-va	-mo
3rd person "he", "she", "they"	(stem only)	-ta	-jo

Similarly, nouns have different endings

for dual "-a" (dvojčka twins)

and

plural "-i" (trojčki - triplets)
